DRAFT

CRETE TOWNSHIP SPECIAL TOWNSHIP MEETING OF THE ELECTORS

Tuesday June 13, 2023

The Crete Township Special Township Meeting of the Electors was called to order by Clerk Buiter at 7:00 PM.

Pledge of Allegiance was given to the flag.

Trustee Liccar made a motion to elect Tim Miller as moderator seconded by a resident in the crowd. All presents were in favor. Motion passes.

Supervisor Liccar made a motion to set the moderator fee of \$25.00, seconded by a resident in the crowd. All were in favor. Motion passes.

Tim Miller volunteered to donate the \$25 Fee to the Crete Food Pantry.

Tim Miller then called up Supervisor Liccar to discuss the purchasing of the New Star Building. There was a power point presentation of the financial implications of the purchase. He put together a wish list of the township would like to see what they could use some of the rooms. He also mentioned that the facility would assist the food pantry since they have their storage in the basement at our current Wood Street. This facility would have a lot of rooms for people in the community to have meetings and public events. Supervisor Liccar m mentioned that the Crete Township has a Rural Township does not have a park district. There was a vote to in 1997 to vote a join the Crete Park District and Crete Township Rural Park District. In 2018 we established a Capital Improvement account. That balance is worth \$850,000 invested in US Treasury Bills. We had our current building appraised at \$300,000. We have about \$1,150,000 available and the rest would have to be borrowed. In April we did a survey of buying this facility and 35% voted against purchasing about 43% were in favor of purchasing with about 20% were wait and see. This facility since COIVID has not been used. It sits on 15 acres with 5 acres as wetlands. It is zoned residential. He showed the building diagram. Blueprint of the facility. It has a lot of rooms and outdoor activities and two boardrooms. New Star wants \$1.4 million. If we buy it, we need approximately \$73,000 in interest and principal. There would be a generator and other equipment. The insurance premium would \$32,000 and the maintenance cost would be about \$5500 a month or \$66000 annually. We would have to borrow \$575,000 before we sell our current building. If we sell that \$300,000 it would be reduced to \$275,000. The tax levies would be via the real estate money. We would have to ask for about 3.5% for a couple years. We could charge users fees for the use of the rooms. There might repairs and maintenance. We would hire an events coordinator. The township would have to borrow funds. There were several pertinent questions answered by Supervisor Liccar quite effectively. There was ap point by a participant that we might not have raise debt if we have a lot of rental income you can get from the users. A citizen was concerned about the tax increase in their tax

bill. Assessor Tamez mentioned her tax bill portion is about \$100 so it is a big amount. The resident was concerned about how much her bill is going. Pam Hoffman mentioned that the Crete Township Rural Park District does not charge anything to the residents. She asks how many live in Township has about 23000 with 8500 live in proper Crete. Another citizen was wondering why we are taking participants from the Crete Park District that is already established. A citizen brought the parking spots, and the parking lots get filled up with water when it snows and rains. Former Supervisor Mary Ann Tamez mentioned the Township is responsible for Road maintenance and general assistance and they do a good job. So we don't have the taxing authority to do all these things discuss. She would rather see a consortium of different government entities to do the extra responsibilities. Crowd appreciated her comments. Another citizen brought up to do fill out the survey that Crete is doing, and you can fill out online or paper. There were concerns about the nearby neighbors about traffic going fast down Cottage Grove Ave. There was movement to establish of group of government taxing authorities entities but it did not gain foothold and COVID hit. Trustee Elton mentioned that we are not trying to take away for other government agencies. Catholic Charities wants to bring a lot activities which they cant do in current facilities. We want to hold our senior lunches in one facility where we can have one sitting for group to sit down in. He stated this is a golden opportunity. We can we sit up 500 people and there is no building that holds that many people. He does not agree the financial information. He is for the people and not against the residents of the township. We will have a formal appraisal on the building done if the resolution of purchasing the facility. One citizen brought p in to looking for building grants if the resolution is approved. There were several more questions about the financials and the Supervisor Liccar ended the question and answer.

Moderator Tim Miller announced that we need to appoint a group of election judges. There will be four judges. Mary Tamez nominated Mary Ann Deutsche to be a judge. She was voted in as a judge. Cheryl Albrecht nominated Teresa Hale was voted in as an election judge. Jaime Haley nominated Jeff Watson to be election judge was voted in as judge. Jeff Watson nominated Jamie Haley as an election judge and was voted in as a judge. The judge went into a separate and count the ballots. Moderator Miller thank the judges for their service. The result was as follows:

On Resolution #1 61 votes in favor; 133 votes against The No votes won.

On Resolution #2 78 votes in favor; 116 votes against The No votes won.

A motion was made to adjourn the meeting by a resident seconded by another resident. Motion passes. The meeting stands adjourned at 8:35 PM.

Respectively submitted,

Jim Buiter
